

Accommodation possibilities at Askøy Yacht Club and nearby...

Boat House

The Boat House is a small “cabin” in the harbour with 4-6 beds and a small living area and a bathroom. The boat houses have different layouts and interior design. Below are some example photos from some of them.

No duvets available so you need to bring a sleeping bag.

Inside some boat houses

Rooms in the main building

The rooms in the main building with private baths have either 3 or 4 beds. Photos from some of the rooms may be found below.

The rooms with joint bath are quite similar to these rooms, except of the need to share a bathroom with other rooms.

The main building also has some joint common rooms.

Tents on camping ground / caravans on parking lot

Tents:

There can be put up tents in the bay next to the yacht club on a public ground. This is not a designated camping ground and no guards will be around.

The persons staying in tents may use all facilities at the yacht club.

Cars can be parked at a public parking lot a short walk from the camping ground.

Caravans:

These can be parked on the yacht club's parking lot and visitors are also free to use all facilities at the yacht club.

Please note: There will be no electricity or water available at the camping ground or caravan parking.
